OBJECTIVE

Passionate and self-motivated B.Tech Computer Science student with extensive experience building full-stack applications using Next.js, React, and Node.js. I've deployed production-ready projects that handle real-time transactions, responsive UIs, and authentication workflows. My strengths lie in transforming ideas into functional, scalable web apps. I am now seeking to expand my expertise in a professional setting, contribute to real-world projects, and grow into a full-time full-stack developer.
